

MY FRIEND CARL!

A Son of the Indigenous Ark is ceded to the ancestors Tuesday December 24, 2024. On that Julian calendar day in 1898, Irvin C. Mollison, first African American Judge of the Customs Court is born in Chicago, Illinois and on that day in 1908 Trumpeter Jabbo Smith is born in Pembroke, Georgia... My friend Carl Hall had a proficient steadfast work ethic. He was a time Guru, ardent reader, musicologist, movie buff, sports connoisseur, protagonist/advocate - thought stimulator with poise and purpose for the universal common good while promoting critical consciousness – he fostered collaboration with garnered experiences – life lessons. He over stood resiliency, universal colonized narratives and ethics! He pontificated religious or secular dogmas while honing his skills with dexterity as he reverberated “keeping hope alive” ending his telephone exchanges. Reflectively be “Upful and Upright” as he was while embracing all. Touch and greet each other in the here and the now, because the human spirit is resilient. Be compassionate as we forge ahead and glow with the “Rhythm of Life”! Peace be unto him.

Asante Sana (Thank you very much).

MY FRIEND CARL!
