

THE SOUL OF “BEING”!

Artisan Sherlock Joseph – A son of the Indigenous African Ark is ceded to the ancestors. He honed his skills and demonstrated ingenuity by crystallizing his techniques in the shaping of consciousness, without compromising skills – He could look at you from the crown of your head to the tip of your toes and tell you how the designated “design” will fit – perfect he will say – you “look good” – Take a step! Perfect.

He knew how to manage meager resources for the “uplift” of all while challenging those under his tutelage to perfect their skills to the level of “master artisans”. He fostered self-reliance, independence, excellence, integrity and dignity – no greed! A humanitarian to the heart – a Berbician to the bone – motivated by compassion, art and music. His genius, generosity and collaborative style and spirit could not be undermined – they reverberate with the phenomenon of faith.

We will continue to “uplift” and celebrate you – your “Being” Artisan Sherlock Joseph – expressing one love, one purpose to all family members – as we greet and comfort each other and the ancestral tree continues to bloom – thus giving all the strength to endure – be courageous – he was. Peace be unto him.

Genevieve Adams and members of Buxton Shique join me in the expressed sentiments.
